

# **PepsiCo Canada – Nationwide Corporate AV Standardization**

## **Executive Summary**

Systembuilders executed a nationwide AV rollout across PepsiCo corporate offices throughout Canada.

## **Full Project Scope**

- Conference room design and standardization
- Neat conferencing devices
- Microsoft Teams Rooms integration
- Displays, cameras, microphones
- User training and documentation

## **Standardized Room Design**

A repeatable AV standard was developed to ensure consistent user experience across all offices.

## **Deployment & Rollout**

Rooms were deployed in phases to minimize disruption while maintaining consistency across locations.

## **Collaboration Outcome**

PepsiCo achieved a unified, enterprise-grade collaboration experience nationwide.
